This file is prepared to print in a traditional 8x10 format and can be taken to a local print shop (such as FedEx Office or Office Max) or easily printed on your at home printer. A print shop may request written permission from the creator of the artwork, and you can find written consent below.

One of my favorite options for at home prints is cardstock from an office supply store or for an extra fancy finished product, Paper Source offers a wide variety of paper colors and textures. My personal favorite is the elegant heavy weight Luxe White in letter size. Simply print at home and leave as-is for hanging somewhere in your home or crop to 8x10 for a frame.

Permission from Rachel Jacobson Lettering, LLC allows you to enjoy up to ten copies of this print for personal use (additional prints or rights require written permission). This prohibits forwarding the file, redistribution and/or selling, or using the artwork in other way, shape, or form. Thank you in advance for your understanding and compliance!

A handwritten signature in black ink that reads "Rachel Jacobson". The script is fluid and cursive, with large, sweeping loops for the letters.
